our friend.

 00:07
In the white dodge truck decided to

 00:10
tax out his motor [REDACTED] tech I was mode.

 00:11
Sounds somewhere it sounds like something. Stick noise. Pretty, pretty obvious. What's really happened. I'm hoping that the security camera with backup that verification and are not security footage will be able to back up the verification where I'd be able to say hey you know point to, you know, this is when I you know you can see him leave.
