721 thing. And as my mother said. Today is a day that all the that the rednecks have been unleashed. We [REDACTED] [REDACTED] you know we've been hearing side by sides, all day today. And we thought it was a read go kart racetrack that's how loud it was but all I've [REDACTED] for the past like 15 minutes is one reading is indigo, right, I've got my bat bat bat bat bat bat bat. And it's gotta be more and more driving down the road driving down the road doing it. But, I mean, I'm in the back of my property now, I'm like half a mile away. I'm 600 600 [REDACTED] away from the, from the road from [REDACTED] road, and I can still hear it like it's next door next to me. And then you know that's not that's not a muffled engine that's a straight pipe engine that has been modified to be louder. And I mean it's extremely loud. And they're [REDACTED] running up and down in the road and seems like there's more than one of them now. I actually saw one earlier today. As I was outside shooting my pellet gun actually saw one about one o'clock I actually saw one today, so they're definitely out [REDACTED] nothing's changed the usual stuff [REDACTED] provide more documentation, because it's [REDACTED] pretty [REDACTED] ridiculous out here.
