SUMMARY [REDACTED]

people, man, years, talking, money, moved, letter, business, law, camp, [REDACTED] [REDACTED] bars, family, put, horse, understand, [REDACTED] chicks, constitutional rights

00:00

We revolted [REDACTED] the British

00:04

[REDACTED] [REDACTED]

00:05

and [REDACTED] mumbo [REDACTED] can't. You can't seem to

00:11

also work both ways. It works

00:15

as I start using that.

00:20

Yeah.

00:22

A team of lawyers are pretty pretty smart. And like I said that. National Historic Register came out [REDACTED] the day

 00:37

you about ups and county is if we want these artifacts to remain here if we want these names to stay here. We probably hold ██████ in this camp. I bet you any amount of money that conservative people in this county that aren't interested in changing,

 00:57

and are interested in anybody from Atlanta or

 00:59

New York telling you what to do.

 01:02

would speak up, if they knew where to speak up at. And it's like the thing that the Sons of Confederate Veterans are the best kept secret in ██████ Okay. True. a lot of people don't know how to ██████ Now it no matter how many signs we put up. How

 01:16

many websites we post on, they don't know how to ██████

 01:20

They don't know what to do, or they'll come to you and say hey man, you're an STD, what are you doing about all this stuff is going on here.

 01:27

Okay. And you know what your question is back then. What are you doing, what are you doing, I know

 01:33

what I don't do what do you do, you know, why don't you ██████ Why don't you donate. If you don't want to ██████ put \$20 in the pot.

 01:46

Okay. That's what you tell you that in it, but y'all probably have a

 01:52
neighborhood.

 01:55
Some kind of

 02:05
say, Hey, is anybody aware of your city council is considering doing this

 02:12
thing on Facebook,

 02:13
or are they did.

 02:18
They get it down in

 02:20
Newton County

 02:22
where they had an overwhelming [REDACTED] of people probably get more have a better mind.

 02:41
Even if the back

 02:42
we'll close

we're close

02:46

with all the buildings are going to

02:50

Ghana conditions you have to go around the room.

02:52

All right. So, like I said,

03:38

and then you [REDACTED] do what I used to do when I was in Okay, we put out underground and

03:45

that wasn't sanctioned by the college poke some

03:48

fun into college administration aid like that.

03:51

And they said it was banned.

03:54

I was going to prison on there press OK.

04:02

Anyway, we're doing.

04:04

We use pseudonyms which is fake [REDACTED]

04:10

[REDACTED] but they didn't think it was funny at all. Instead of any teacher reading will be fired. Any student reading it will be suspended. So what we did is we [REDACTED] made copies of it. I have some books.

04:26

I have exactly the same Obama these books.

04:38

Right, walk out the door. And then all the people in the room would walk.

04:45

That's how we put them out.

04:47

They can figure out how they will get now

04:49

you know if you've got a community center here in the Thompson, orange area, go down there, stop couple fires off. Nobody's gonna stop.

05:02

You'd be surprised.

05:04

But the information out a lot of people [REDACTED] fly. They're numb to all the stuff going around the country, to let them know that the canceled culture is reached, ups and county, and maybe they'll stand up and do something about it, or at least stand with you.

05:21

That would be

05:25

████████ national really good, very good victory in ██████████ did a great ██████ But that all I have to give kudos to the camp down there. And to remember the campaign. Anyway, they did a great ██████ We're doing one here in ██████████ In 2020 pick up an area like free camp continent. So we go put on national.

06:00

Probably about 30 minutes ██████████

06:04

I didn't see any protesters at all,

06:09

where it was laid out that we had, but that doesn't stop me from driving around. I did hear from some of the security people that were the tour buses they had, and I didn't know anything to it, but not working. But they had some prep people following the tour. You know people's wives and kids going at that. So, anyway, they ██████████ has probably that camp Kirby's mini camp probably has 350. It's a larger camp and they had a car, but he's got compressed car, taking all the pictures and slowed him down. So that's what they did. That's how they handled it. But overall, very nice venue. We've got a lot of different things. The goofy cotillion came up ██████████ Kurt line put up a ido lawyer kind of the lawyer for the seven ██████████ Resource Center, even at all times

07:11

I'm sure

07:12

does very good work. I'm not sure him for anything about but he was lobbying pretty heavily for the women's could kill you, being required. But I think the ██████████ of the amendment to should and shall. So, If you put on the afternoon, they strongly suggest you do the one in the up y'all know what that is is where you take young ladies and you bring them up we present them to the world they come on, like sweet 16 bars or something like that, so that all men know that available the way, this is, This is a holdover from the Victorian era. Right. There's a lot of rules that go along with it that none of the men in this room probably even know. Okay. And those guys are putting on the moon, and they're laughing. That's why they hear that

impressive yet around Hall four and a lot of stuff that has to go along with it and an extra expense they don't. So, anyway, that comprise probably three hours of argument imaginary and remember that much. But other than that, it was a lot of discussion about how much

 08:23

to medium as well. I'd like to think.

 08:33

I think originally proposed it was going to probably be around one and a half to 2 million, and then I fought another proposal said it was going to be probably go up and down 3 million is well past seven and a half million dollars. Okay, current administration and previous administration and leverage several funds that we have with bank to get that money. So,

 09:00

FTD Deathwatch depthwise McElhatton the money.

 09:06

That was a an eye opener. I don't know where that's gonna go Kim and I were both shocked by it. I didn't know that it was stolen by the previous managers by

 09:19

Chris Tobin and

 09:25

Mike ████████

 09:31

they exploded they got up and immediately started ringing list of stuff when I submitted the budget. And we spent a great deal of the weekend, talking about. There's nothing to do about it now I mean we're already in debt. Part of it is gonna be pay off some of the visa given once the museum opens, from the time that we really want you to open the museum itself will be leveraged to cover those loans, versus, both the funds that we'll be covering right now. So, we are looking at that in the national ████████████████ which is disheartening to me. But the situation we're in right now so my hope that the new administration is going in and a lot of them ran unopposed as well.

10:27

Clean some of that will be a lot to do, we'll. How much is owed right now,

10:33

10 and a half. How

10:35

many, how much we get [REDACTED] how much we pay for and

10:41

they have made a thing. With all

10:43

that money. Yeah.

10:47

Well, I mean, they've been collecting money for media.

10:52

But this is money that they borrowed.

10:58

I'm hoping to get something from Crystal. He didn't want, he got eaten and herring from the ad isn't that anybody that wanted it. We call it. And so Tim and I are probably going to get it. Because I will put out about it as well. So, we're going to keep [REDACTED] and I'll let y'all know something I noticed something about. Now that's not say the museum not a wonderful boy, because I don't know spring. I thought one of the instructions and they haven't they haven't opened the doors yet. It's a nice looking building. I only know that got all the complete collections, but then they got some collections to put in it but I'm not sure they go. And what they did is they expanded it to have officers who are going to move the officers, out of their own spraying manner, and put it into alignment with that a smart move. Anyway, so that whole house can really stand in traffic. But we'll see how that goes with that. That's what Chris does a lot of it was done behind closed doors and is not necessarily [REDACTED] any bylaws and this

appropriation of funds, but it was done on Executive Council, which I know from experience, Executive Council meetings that we had this DC, that the EDC here in [REDACTED] we all do that kind of stuff. We all spend a lot of money that we don't need to spend, and it's something that's substantial it waits for us. Okay, we let your union body decide. We don't arbitrarily make decisions like that, but the entire division. Actually realizes you're naughty to be with your left.

 12:40

You're absolutely right. Okay.

 12:44

I first thing I'd go after the federal debt, because that's cash cow. It's been way too much money on the nice [REDACTED] that you could spend a lot less and get the quality of management, and I've been in printing for years I know all about. So believe that you get

 13:03

so much [REDACTED] that the bad news.

 13:06

The good news like a start out with

 13:07

that, really, really nice. Very nice, good feel on people that I know. It wasn't a lot of rigmarole, there wasn't a lot of protesting like that the only thing I [REDACTED] about. And I didn't see it was the press ride around taking the bus.

 13:26

There wasn't anybody here and at the actual reunion.

 13:29

but honestly I thought our duty reunion tonight. I thought

 [REDACTED]

I was really

 13:38
intense we had, I think [REDACTED]

 13:43
And

 13:44
we had a wonderful marketplace. This year, I put that after wire here because I like to

 13:50
table. I think

 13:52
everybody appreciated the bathroom stuff to buy stuff. Look at at least.

 14:00
So I'm looking [REDACTED] to some of that stuff.

 14:03
And we national trying to follow some of what George has done as far as our path and Bible both of these three [REDACTED] that kind of thing. We voted on some of that stuff as well. To start it up to actually look into that. I got that, no

 14:27
questions about what went on

 14:29
Michael What do you

 14:37

11 14:34
think of dishes OSI and paper that was basically at a [REDACTED] and food and pigeonhole in the basic view.

14:48
And two o'clock [REDACTED] more

14:49
than two o'clock.

14:50
Yeah. And as the [REDACTED] ends right you know that's for that's for right Oh, yeah, you go, Facebook and all your neighbors all your friends to show up over there in science, faith. Okay. If

15:04
there's no doubt by closing our teeth Iran.

15:09
That's why we do it.

15:20
breed

15:21
from breed

15:23
iron female

15:27
or male. Rosie obile and how, and the other one is older. [REDACTED] to the National the lady we're talking about. Yeah.

 15:39
████ download the files, and serve as

 15:44
well if that's the case, I can customize

 15:53
for the courthouse,

 15:56
or the monument

 16:00
loophole. It's a law for money.

 16:03
There's loopholes in any kind of law.

 16:06
You can write as watertight law as you want. And you're still going to have some kind of smart lawyer makeups are.

 16:13
Okay. Is. What do you mean by is, you know,

 16:18
and you have a local █████ to sit there and say well I can.

 16:24

11 16:27
So, an attorney general and Governor that won't be. So

16:32
be aware of who you voting for, and what I would say is an

16:32
[REDACTED]
election year.

16:37
Keep in mind, are you voting for

16:41
Republicans aren't necessarily our friends either. I'll be honest,

16:46
As you're kind of like choosing between them.

16:49
As always in that way it's [REDACTED] more normal that now.

16:54
I can't think of anything else really.

16:57
I bought this before you dollars. I thought I'd wear it proudly.

17:03
Yeah, these are easily easily easily pretty expensive Yes,

17:03

17:06

this is handmade. They had like, maybe three depending on it hasn't lady t shirt.

17:17

I thought about getting one awareness.

17:20

I figured y'all would like my way

17:25

did bring up one of my new pro White Walkers culture factory brand.

17:30

I don't normally buy reproduction guns is not really a reproduction. This is a genuine tool

17:37

called army

17:38

1860 army serial number.

17:42

Isn't continuation of the actual serial numbers of the reservoir.

17:45

So it's

17:46

in the same thermal range with the with no arms.

17:51

So, look up look at. It's never been fired. That's what one of these would look like random by bought that

17:59

kind of shows though.

18:02

That's all I have to do

18:05

before I get to that

18:10

lady to deal with. Yeah, I got your email about

18:15

Danny and

18:18

hope in 2020 more.

18:21

So I would say to that is there's another festival it does come up like say Molina, or [REDACTED] or wherever. Let's get a booth there. And man that is

18:32

dead. Yeah, Right. That's what I should

[REDACTED]

get one dav. Feelina hoedown like stravina from one dvnamic. Yeah. riight. Usuallv.

18:48

we don't sell and we can't sell anything that's fine, we can at least have information and be able to stand out there and smile

18:56

donations. When

19:02

we bought it over 31st like it's a [REDACTED] weekend mail Alliance the weekend after the [REDACTED] was our band is playing Bosco

19:30

[REDACTED]

19:39

being approved, it can be too big but I don't see a reason why we can't have a booth someplace and delta flags,

19:53

more times we get out and public better we all

19:57

find out Yeah, you're not.

20:08

Okay, got it here. We got over here.

20:14

We got a triple

 20:17
left. And we got

 20:18
some 41.

 20:22
Here it has to

 20:23
be at the end there do we get them for sure. And

 20:41
it's working.

 20:46
Yeah,

 20:51
Leo. Yeah.

 20:58
Well, the atmosphere here

 21:00
at making a very angry. You know why was it

 21:07
a one

 21:09
on the cost of two [REDACTED]

 21:14
And I'm also deeply moved by

 21:34
customers. Tell me.

 21:41
Catch a rag around the

 21:47
Bible tonight to keep me simple up here.

 21:51
So what I'm going to do is I'm going to explain to you a little bit about what I see and Nathan [REDACTED] bars live and how it translates to what I want to prove to you the not so nice event as far as they might I don't know he was, he was

 22:13
really rally. Okay.

 22:16
[REDACTED] 21 1820 more. He was the first of 15 children born to a man named [REDACTED] bars and Merriam bars. Now [REDACTED] had come from the Carolinas with his father. His father was named Nathan, and they moved from the Carolinas over the middle Tennessee which was really the frontier back then. So these were the first Westport, the [REDACTED] expansion that you know we talked about last time in our discussion or

 22:56
whatever we're talking about anyway

whatever we're talking about anyway.

23:00

They moved west.

23:04

Pioneers sell a new land. These were tough on [REDACTED] people. And you don't find too many people like that. Today in our world of indulgences, and

23:18

what's the other [REDACTED] I want to use.

23:22

Matt, and for instant gratification.

23:28

So all of these things seem to be normal or abnormal I like the metaphors because here's what I got upset out of my head. I tell you what that far out, man. He would be very upset at what he seems to want to be by upset that he wouldn't be upset about what's going on out here he'd be upset about what's going on in this room, because we don't have enough man who would [REDACTED] We want to be on our toes, called what's going on around. So let's let's not get there yet.

24:03

I do want to talk about

24:05

general thought

24:07

he was not a not

24:11

what happened when they moved out to Tennessee. His father started raising a family of 15 children. His father was a blacksmith very quiet reserved man in the town he didn't drink and [REDACTED] not no branding but [REDACTED] a very private businessman, they decided that they would move even farther west out into, Mississippi. This was when Nathan was 13 years old they moved out into Mississippi. After three years being there. [REDACTED] died, his father passed away. I'm not sure why but anyway he left. Nathan as head of the family. And that's how it was. That's one thing, but he had no choice but to step up to the plate at 15 years old. Now at 15 years old, they probably have more [REDACTED] sense, and business stance, they're most of us today. He took that family farm at age 15 with all of his brothers and sisters. And they started producing profits.

25:24

And it became a very

25:27

profitable plantation for many years, until his, his mom. Marian actually remarried. And once she remarried. He has confidence in this man and also his siblings that he would leave. A couple of things that happened to him while he was there was a story about her and her sister had went across the county to pick up some chickens on the way back, they had had these chicks in bags, Kansas that all the horseback, they're riding back and it's not now. So they hear this, this screen was a Panther, and this Panther is actually stalking them. Of course you know these chicks are making noise right. So this Panther is he's, he's hungry. And he's figured out, they got changed. So he's, he's talking. Well I [REDACTED] that and they kind of picked up the pace enough to where they got away from it but they had to cross the creek before they got back to the house so as they cross that Creek, because it takes a little time to cross Creek. The Panther catches up with all the other side of the creek is not far as the house. So, the Panther lunges comes down on her back Marios back was from Paul's basketballs into the horse well that shoes the horse out from underneath the chicks

26:54

Paul out everything goes crazy

26:56

right. Well, the other, her sister say let's [REDACTED] leave the chick let's go live your life and I want you to know what is to give me an idea about his mother and then you know what his upbringing was he gets the chicks right, and she [REDACTED] makes it all across the river, Craig and Nathan hears all this going on. So he comes out and he's all upset about it. And he goes inside and grabs his rifle off of the mantel. And she's saying oh no no while in the morning when in the morning he said no way I came well in the morning. He's not going out right now I'm not giving this get

27:34

a chance to get our way

27:37

to write. And so he takes all gifted adults, by the way, I'm sure they will probably work mountain currents intensely. Yeah, I know man Kurt and his I know he gets this cat shooting in the head. One shot scheming bringing back with mom, then also this is the kind of man. He was so that they move on to Mississippi like that we would go back to Mississippi now. There was no man out there in Mississippi that is awesome kept getting out and going over to the forest plantation and doing a little damage to like adults Look man, excuse me, I didn't call him back, they call his bedroom, that

28:20

is up.

28:21

If you don't do someone at all. If I can come over here, because we don't want to mom she's I'm standing in the kitchen like okay, so go happens right. Here's the ox, no better parse lazy than. Well, you may have [REDACTED] the shop. He runs home uses rifle. Here he goes. Well that was horse already season coming. So he [REDACTED] go ahead and go ahead and shoot right overtake

28:51

the [REDACTED] stops.

28:54

Now we're talking about 16 year old.

28:58

So he turned around he goes back home.

29:00

We have to remember the power so more

29:07

11 29:07

about the front here back then. There wasn't much going on out there you know window [REDACTED] religions you didn't have churches on every corner. You know what you knew about religion or Christianity you you you got at home, and his mom Marian was a very devout. She believes in descriptors were descriptors is it really about this and many, many of frontier child is trained on all math, those principles alone. About 10 minutes ago in our modern society where most children are raised with the overindulgence syndrome we're doing the gift what my role, more than what they need, anytime they want it. That was not the way it was back then. So the children, and our men. I'd call him a child at 15 years old, he's running a family farm and the land at 15 years old, was the very stand out to me. His family flourished with us over time. They came 40s. This is about the time he decided to leave he feel comfortable now that his mom and ring married. Those siblings were all producing on the farm. So he takes off and moves to Harrison, Mississippi, got an uncle over there who was a horse trader. So he goes over there and he starts working with his uncle. And what happens. So that business service, never gets involved he starts making more profit with, you know, the business gets real well. He's local at the time, and Hanna disputed with another client. I don't know if this is pride event for getting there or not but anyway they had come into town one day it was four of them they were looking for blood. Hey, we're looking over money. Well, hey what's up Aaron [REDACTED] was there. His uncle was 65, years old, and never was there and he told me he says well. He said it's not a bidding war [REDACTED] war.

31:22

They said it's gonna be four [REDACTED] two.

31:25

And about that time when he did say that one of them pulled out a pistol shot is Oracle data. At the same time, that Perforce pulls out his pistols and shoots, two of them. And in this scuffle, somehow, they're in hand to hand combat now. Innocent boss Ted rose [REDACTED] not a movie guy. And when he gets the bully knife he stabs, the [REDACTED] one and the other one takes off. So this is the kind of mail we're talking about. Fast [REDACTED] now. Sunday afternoon

32:06

to ladies in a

32:09

probably a carriage, with a driver by the way they're crossing the creek. They get stuck. And I can go where there's two ladies sitting up in the carriage driving the driver he's bringing the horses, come on, come on, they can't go nowhere. Well, guess who comes along. That's football. Well there's two other guys over in the woods and they're all here laughing and heckling [REDACTED] oh you know right. Well, that's before sees this, and he calls out to the lady in there. Do you mind if I come and rescue you. Well, she said yes. So he waves out into this creek up to here, grabs this young girl in there with your fingers because why not enough across, he

goes and gets the mother right takes her across. Then he goes back and pushes the wagon, out of the mud. So the hero of the day right so he's not through. He goes over on the bike where those two hackers were and told him real nicely, what they could do. So pay attention and hidden waste any time or an opportunity so he goes back over talking to the mother of the lady, lady. And I asked. Could he visit their home and see the dog. Well, she gotta have a [REDACTED] time saying no after all that right. So she said, Yeah, go ahead. So the following week. Here's Ben Carson he goes over knocks on the door like Calvin [REDACTED] Oh come on, we'll show you into the bar where he goes into the parlor and guess who is this are the same people as he was over on the back story here because suddenly she came down. There was nobody in the parlor but Ben.

 34:17

Well anyway,

 34:20

as you can imagine better parts was not the, the most highly educated not highly educated. He was not very refined. I mean he was a pioneer, he's been raised dirt poor. Is this girl obviously was, you know, refined very quiet very, you know, proper young lady well educated.

 34:43

But she fell overnight, of course.

 34:47

So Nathan goes through her [REDACTED] actually her father has passed away her [REDACTED] was a Presbyterian minister. So being a Presbyterian minister he lives in those courses I guess you know I cannot give you permission. And he said, I know your reputation. I know how you, you know, later. I know you're a connoisseur and a [REDACTED] And he said, you know, she is everything that you own, and better for us. Kind of summed it up this way he said I will make her

 35:26

to where you will never have to worry about her hair

 35:29

[REDACTED]

 35:31

35:31

And he probably had [REDACTED] a little bit about this man's reputation. How he had raised his family, how he was out he had taken up permits local appeal those to me and by the way they did take that to court and guess what the courts do.

35:54

So anyway, long story short, six weeks later,

[REDACTED]

he married

[REDACTED]

a married, which is a good story. Now they go on. They have two children, one of them God and the other son. His name was [REDACTED] after Ben Carson's.

[REDACTED]

father. How do you get a better I've got data

[REDACTED]

for the town they moved to in Tennessee was [REDACTED] Tennessee. So I use that as his middle name. That's pretty good. Good way to do that. Well [REDACTED] and Marianne Montgomery was her name.

[REDACTED]

She was quite well educated and he was

[REDACTED]

[REDACTED] the opposite.

[REDACTED]

But he had a strong business,

██████████

strong family since about his

██████████

strong stance about law.

██████████

Oh wow, I have a bit. ██████████

37:03

revved up.

37:06

On one hand, he was a a teetotaler coarser ██████████ I think older, maybe that he never touched a drop of wisdom. Love ██████████ got around a lot, you know, a ██████████ but he didn't like to drink. He was a fighter that did like to smoke. It was a cousin, that didn't even like dirty ██████████

37:30

Specially in the company of Famer.

37:35

So he takes on this business that his uncle had after he and Mary are married right, you know, you got story. They've got very versatile, while he's there in Mississippi he's trying to be a stage coach operator he's trying the horse business like you know go ahead, cattle business, different things. And finally stumbled on slightly. Well, guess what, he was good at it. So we got so good at it though he moved to Memphis, why your moves Memphis well so our city got more fires. So he moved to Memphis is involved in the slave trade business, real estate business becomes an alderman in the city. So he had some kind of good reputation, even though he could be found at the poker table ██████████ about any time. This is who he was. He made a lot of money in this night right then, back then he became a millionaire,

38:38

which is, which is very profitable, I think.

38:43

I think he was an opportunist.

38:48

So that brings me to our before I get into the war years. I can talk a long time tonight. So I want to cut it short, we'll get into

38:57

something. Current, but

39:03

they use this money that he had a good deal of it. To outfit his own

39:10

Calvary unit, when he [REDACTED] he [REDACTED] the surprise. He his brother and his 15 year old son [REDACTED] all three [REDACTED] at the same time. I [REDACTED] the Calvary unit that was out. As a matter of fact, he was, he was brought he was for the union.

39:28

They didn't want to [REDACTED]

39:31

until I ran Lincoln got elected. As soon as Abraham Lincoln got elected, and the state starts to CD to Tennessee. He went with secession. And so that's why he [REDACTED] And when he [REDACTED] It was kinda like everything else that the government does you know you know why don't nails supply you with horses they go Why don't limit supply you with saddles and gear and well not nice matte box, so I can get, I can get all of this stuff. And so off to Kentucky he goes with his own money. And while he's there he's, he's, he's recruiting man, and he gets all the saddles all the horses nightmare and all that goes with long story short, he's the only one in both sides of that war who went from the rank of private to general in four years. lien Lee made a statement one time and he has generally who's you could you really greatest General, he, he summed it up by saying this man that I've ever met. You know, he made that call.

40:42

General Sherman calling that devil

 40:44
bars

 40:47
bars didn't do anything but write wreck havoc on anybody that he could, and was always outnumbered. He was always an aggressive fighter. He'd always pose some kind of course he didn't know military troops. He didn't know what, you know, flanking somebody via. They use a different tonal language altogether, but his man understood exactly what they meant to be aggressive

 41:16
and everything that he did.

 41:18
He was the one that said, show up with emotion. Well, Michael. Burt.

 41:25
First is for the most verbal with the ball make them

 41:27
think that it started both ways.

 41:31
In both ways.

 41:33
Well, somehow I feel like this kind of man, making the departure exactly what we need to hear, because this is the kind of people that we need to be in right now with what's going on in our world. So let me open up the scriptures here and I want to share

 41:59

with you a verse

 42:00
of scripture

 42:02
that comes from the New Testament in the book of █████

 42:06
I █████ had a real.

 42:11
I'm █████ gonna █████ you. That way you'll know I'm really proud of the Scriptures so after that there was a feast of the █████ and █████ went up to █████ which he often

 42:17
did

 42:18
he said now there isn't █████ by the sheet market a pool which is called in the Hebrew tongue Bethesda, having five ports in these lay a great multitude of input the focus of my talk was waiting for the moving of the water, or an angel went down in a certain season into this pool and a trouble the war, Whosoever there was first at the troubling of the water stepped in was made hold of whatsoever disease he has a certain man was there which had been there for 38 years when █████ saw him line, he knew that he had been now a long time in that case he say it's under him will

 42:58
bow, we may hold

 43:03
this probably the first time you've ever █████ that excuse or head on. Sure.

43:08

But █████ looked at his man been at 38

43:10

years. Can you imagine this 38 years I █████ got celebrated 30

43:16

years anniversary this week.

43:19

As long

43:22

as 38 years he's been sitting by the pool. And his angel apparently comes down and troubles, the water, the first one that comes in, gets here.

43:33

█████ asked the man. Well, Bobby might hold

43:49

everything. That was

44:02

so funny actually.

44:05

You see what's going on around the world.

44:18

So, we got a lot of people in our society who feel like they don't have to do anything at all.

 44:28
Like a little

 44:29
wiggle room.

 44:32
Like it will rob what ah okay,

 44:45
here's the way to abuse it.

 44:48
What do you do when you feel like

 44:51
when a question is,

 44:57
What kind of question is it. Here's a very real question.

 45:02
How many of you know somebody who has not done. So well

 45:17
see at work.

 45:19
I don't want anvthina but works. Exactlv.

45:22

I went in business for myself, I was like, you're going because that's your why so

45:28

you can get along with anybody bossing you around so you don't have to cut your own path.

So, so you're gonna go to work

45:40

and work on it. And I believe

45:44

it's more with [REDACTED] work, because I like

45:50

you'd like. You think for a minute. That Batman kind of neutral out in the Middle Tennessee farm in Atlanta, they can't even get a well. Oh,

46:04

how many of us could do that.

46:08

How many would did that.

46:11

Well now be made home, if that was the question because.

46:10

46:10
How would we react.

46:22
We look around, and we see all these things that are going on. And you know what we do and about.

46:31
Now what we're doing what somebody else is working real [REDACTED] on the other side.

46:38
They're working real [REDACTED]

46:44
And we have no hay. Well, that was the main home.

46:48
See, that's the question. Are we gonna be settled five we'll [REDACTED] you know, hey, I'm [REDACTED] hanging around here a little bit longer, somebody's going to put me in the Pooh.

47:02
Bah [REDACTED] hang around long enough, I [REDACTED] [REDACTED] the Sarge Confederate Veterans.

47:11
What are they doing,

47:13
what are you politicians do

47:21
something realistic. What are your churches doing

47:29

query is right here for you. Exactly. Yeah, politic, tell you what the charges are do

the charges are becoming irrelevant in our world that they have all powered down, they have powered down along with the rest of the republican conservatives that, you know, hey,

47:51

you said a minute ago, when I was

47:59

when I voted

48:01

for it, point. Well,

48:03

that was a good way. But what do we do about that, how many Southern Baptists that we got anyway I don't matter.

48:11

Right. No matter.

48:15

I got a good friend of mine, he always [REDACTED] it is what it is. I do it myself, skin crawl here's my sights on like it. It ain't what it is it is because you are too skewed.

48:29

I also.

48:34

You could do, Tony offers. But now, you would rather sit around and talk about something you would rather sit around and discuss how bad the Federal Reserve vs central banking system today is the Federal Reserve's been around since 1910. We've had plenty of time, [REDACTED] that Nate done it right.

48:58

And we ain't gonna do it now.

49:01

I want to hear any more about the Federal Reserve I don't want to hear more about this new world or at all. They're so realistic. As each other, but it's mostly all we're doing is talking we're [REDACTED] distracted.

49:16

There's, there's more than this passage here I want to talk to you about,

49:19

you know, what happened with us so it makes it a little bit more humble. They say look, I have no mind when the water struggle to put me into the pool. But while I'm coming. My mother always stepped

49:31

down before me

49:34

with a shot of I saw her excuse [REDACTED] to know. I want.

49:43

I don't want. I still

49:46

got more to do than when I did work, right. So, well, he says, So [REDACTED] is

 49:56
your baby.

 49:59
He didn't pick it up. And

 50:03
what does the man do

 50:06
how he took the [REDACTED] of the Messiah, the [REDACTED] [REDACTED] Christ, acted all got up and walk all

 50:17
as he's walking off.

 50:22
Did you think he thought about it became the Sabbath day.

 50:31
When somebody was there to point that out. Oh.

 [REDACTED]
Hey boy,

 50:39
you know what, you know what that was,

 50:43
that was folded leather, got in front of the same national

that was folded tables, get in front of the same national.

 50:53

He didn't stop. He didn't want to stop but he got to the table, how about that. But let me say let me tell you something here that [REDACTED] did this, you know [REDACTED] was the Sabbath

 51:05

right

 51:06

that [REDACTED] doesn't tell them for the whole time for you to be with the [REDACTED] of the Sabbath,

 51:12

meaning that the Sabbath. Was he law. We also know that that is not anything unusual for [REDACTED] He has recycled

 51:23

even corn

 51:24

fields in the last couple of hours anyway.

 51:28

Does it matter

 51:31

really didn't do.

 [REDACTED]

So what about his mandate,

 51:44
a mandate.

 51:46
Your [REDACTED] right going around along.

 51:50
You know our Glover's there is no mandate max.

 51:56
Got the authority to.

 52:01
And how does Keisha Lance bottoms like she has the authority to do it.

 52:14
Whereas that in the Constitution.

 52:17
state. I don't care what they got behind their day or the, ah, they don't matter to me. We got 99 days till election.

 52:28
This time, we move.

 52:32
We need to find somebody who's gonna stand up for my constitutional rights, not because of my forefathers, bring them together, because these are biblically mandated by God all money that I have the right and the authority to defend my sale also have the right authority to speech also has the authority to simple. So why do we have everybody cowering down to these people who want to [REDACTED] rip us from our constitutional rights, and we sit and do nothing. We talked about it.

53:08

We talked about it [REDACTED] as good, we're gonna sign the petition man. I hope it works. Because there's more to it than that.

53:19

The city council may know but I

53:24

still want to be 40 to 50 people there tonight representing constitutionalist.

53:29

They're not like me and those go Cody.

53:34

You gotta have a presence.

53:35

You gotta have a presence, we gotta, we gotta have men on this, we don't have feet on the ground, that's all our military. Huh.

53:51

I don't know

53:55

why we haven't made nothing.

53:56

Well, one thing is not we're not [REDACTED] tonight. If we had made the metaphors here, he would probably not [REDACTED] his land, he bought at least 40 of his volunteer to be there, we wouldn't [REDACTED] be in there, we would have some kind of sign represent well we are. Hey. Second Amendment rights.

54:14

Right. I [REDACTED] want I want I want to ask the people who are running for office. What about my second amendment rights.

54:21

Are you sort of [REDACTED] Biden gets elected in November.

54:25

I don't know where are you gonna get ammo then you can't find it now and Donald Trump.

54:31

I don't know what you're gonna do. There will be no gun stores.

[REDACTED]

They're gonna shed all that time.

54:41

Second limb rice.

54:45

If I think I see this correctly, it ain't gonna be a problem, I'll hand them over left and right, or you can shut

54:54

you loose, I won't. There's. I'm [REDACTED] saying. I will leave. And I'll be in the midst of people like you and I will die with my hands around an AR 15 guy or D, exactly, but that's not everybody. We have got to get serious about this Don't forget that they are ready to take every constitutional rights that we have away from us. They weren't Americans. I've let me let me ask you this. You know what the Care Act is, if I [REDACTED] about that with the Care Act, and that's because the thing right now and no Care Act is what really gives them the money

55:35
to give you these.

55:38
What do they call

55:39
them the good news, model. Now, when did they, When did they develop that Care Act.

55:49
[REDACTED] get deal months

55:50
ago.

55:53
A year ago, they did this over almost over a year ago,

55:59
they had already listed.

56:02
Before that, they had an [REDACTED] in the last few minutes right. Yep.

56:06
so what I'm trying to tell you, this is, this is not something that they're doing off the cuff. This stuff is [REDACTED] that they've

56:15
got brain power behind it. And until we wake up

 56:21
and get serious, our constitutional

 56:24
rights are going to be stripped away from us.

 56:29
And they are planning to do it right now and already have it in place. If the Care Act is any indication. Ray. Yeah,

 56:46
right. So what can we do about it.

 57:00
Well, I'm standing stand in front of you, I'll stand beside you. See, but we we have got to get in the mindset that we're not going to win this. unless we are active. We can't sit around and talk about

 57:23
golf. These people have already got in,

 57:26
and in and like I said the night before because we're building a brand anyway.

 57:31
Oh, by

 57:32
the way. Now I want to talk bad about Donald Trump. I want to talk about about nobody. But a lot of the stuff that is going on with this virus

 57:46
is a scam. Didn't

 57:51
tackle that and made some cars and she wrote a note can

 57:55
usually make the bars in the grocery store

 58:04
in America

 58:05
alone.

 58:08
I don't like that these businesses.

 58:11
I'm telling you, I'm businesses. Not these corporate giants like Walmart and I'm talking about everyday. Mom and Pop businesses now, requiring you to wear a mask inside. Who's turned them into the Nazi Gestapo and hands people that tell me I've got to have a match to come inside. And here you are, with this is, this is America, this is Linda free enterprise.

 58:42
You don't have to shop.

 58:44
I know, I understand that part, but they definitely don't have the right does not allow me. I've been

 58:55
playing with that we're asleep they're

 59:00
wearing what I'm wearing my thought no no.

 59:05
Obviously you can pay the fines on that actually did likoma wall, you know, masks are not alone.

 59:17
Because you know what's after mass, they'll 

 59:22
Forced

 59:23
vaccinations. Ah,

 59:31
you know what this up six foot party.

 59:37
I've  of you you get that

 59:39
blow to get together what am six foot, get up to like a tail who

 59:44
didn't fear.

 59:49
At the top, [REDACTED] a thing. Well,

 59:55
I don't want to lose

 1:00:01
populism the high ground. I'm talking about conservative freedom love and paper. Yep,
because we're not making this series,

 1:00:15
comfortable. Well,

 1:00:21
what happened first one day combating easy.

 1:00:26
People like Danny Brown.

 1:00:31
Well, [REDACTED] like the old white man here.

 [REDACTED]
He was about Coca Cola was

 1:00:45
so long ago, without, without

 1:00:54
[REDACTED]

[REDACTED]

1:00:56

because it's going to come to that. And like you said I you can you got all your [REDACTED] loaded. I got [REDACTED] I got ammunition, reload. You know, we're gonna leave it all night vision. They will come and Mila they

1:01:18

don't got no knife in your back because [REDACTED]

1:01:24

Alright guys, that's all I'm gonna do

1:01:29

you know why are you talking about their.

1:01:31

One thing we can do when they have this city council they rip the vote on it, do we need to be there all over. Even if you live in another area.

1:01:44

Like apomorphine,

1:01:46

I don't know,

1:01:49

representing several counties here. By

1:01:52

law, up some,

1:01:54

you know, balding. And we want to be proactive in all of them. Exactly. I mean, all of them, and somebody's gonna have to network some way whether we do it or, you know, website page or whatever. But you want to get the window recruits. This is a good way to get them there but

1:02:17

we do allow

1:02:21

whatever is going on. allowed

1:02:31

me to swell like Danny if

1:02:40

we can, if we can, we can get

1:02:42

our focus

1:02:46

to get an [REDACTED] to be a presence in as many of these city council county commissioners, anything else that we can, because we don't have to start pushing.

1:03:02

I don't mean to say it this way but this

1:03:03

election that's coming up in November,

 1:03:05
is real important,

 1:03:09
because you got to get people in there by what you said a minute ago about, let's say, Governor King. Well, he's got me so I'm not gonna mandate max. Well, he signed an [REDACTED] says you can't take down Confederate monuments,

 1:03:25
but they do

 1:03:27
and see now that there is a law. That's not a mandate, that's not a requirement that was, that was put into law that you cannot remove a confederate or not, any

 1:03:44
anything to do with it,

 1:03:45
because that is not

 1:03:46
to do with any monument. But now we know that four or five have already been removed my daughter's don't go so why are they doing it, they know they can get away with it, because we have elected a wickless spineless human being who will not stand up for my constitutional rights or yours. And that's what we need to do. We need to get busy with these candidates and really let them know.

 1:04:18
Because they don't have any people, really.

 1:04:23
Well I can tell you that when we get the washings last year, what made the difference for getting that law change was all the letters and all the phone calls, because they suddenly said

getting that law change was all the letters and all the phone calls, because they suddenly said something better than

 1:04:39
that a lot of

 1:04:41
this is what every legislator said.

 1:04:46
Y'all don't come in, big print.

 1:04:50
So

 1:04:51
whether you're a man even a bigger prepper 200,000 over

 1:04:57
5000 members of a letter, not an email alert, and they don't take long you sit down Violeta. I want

 1:05:08
this law,

 1:05:10
rolling. I want the law on ████████ You sent a letter to the governor. He sent a letter to the Attorney General. I've got their dresses, I'll put them off. Okay, please

 1:05:22
write a letter for

 1:05:24
your wife to do it, that your neighbor to do it everybody

 1:05:31
really can't come litter and one hand restaurant and I consider.

 
I think they can serve something like 100 bucks. It's something ridiculous because you had to write a letter, not an email, nautically. Not even a type letter form letter, but a handwritten letter

 1:05:51
legislators and lobbyists look at that as

 1:05:54
100 constituents. They don't have to pay but

 1:05:59
I want the law enforce

 1:06:01
50 dash 358 3.1

 1:06:08
oc

 1:06:09
 official code of 

 1:06:13

Remember that.

1:06:16
I want laws. This land that our legislators

1:06:22
approved

1:06:24
and poured out.

1:06:31
I can give you a copy of the

1:06:31
[REDACTED]
addresses of the Attorney General, and the governor for y'all on the face I do not want to get along with. Along with a copy of the official code. Okay, I've got a form letter can be sent.

1:06:50
All we have to do is turn our camp letterhead on, I

1:06:52
already designed the logo for the [REDACTED] I'll draw the letterhead and put it on there too. When you send it to Thomaston.

1:07:00
We send it to the city council. All right. Does everybody understand what George is saying.

1:07:06
Everybody knows our Facebook page, right,

1:07:09

how to get there and if you don't know how to get there get somebody that does. And if you're not a member of it yet, send me an email and I'll add you, he can add you, I can add you and BC [REDACTED] can add. That's the three people that can add

1:07:21

people right now.

1:07:23

Anybody here that is on Facebook that's not a member. I mean, no

1:07:30

problem has

1:07:34

never been on. Okay.

1:07:40

I thought Mark was on a

1:07:43

look and see, but I'll

1:07:46

probably leave out. When I get high. I've got all that stuff. I said there's a form letter [REDACTED] needs our address. I [REDACTED] don't know our mailing address. I can get it from you

1:08:08

are oh yeah I know it's federal mandate on there to go on the wild posted on there and then you go and post that right behind me okay by the

1:08:17

CBO in Canada.

1:08:19

Well volcanic [REDACTED] college is next. Yes. That's what I'm saying, oh [REDACTED] no. Can you imagine what a GPS is gonna be

1:08:28

like five years from now when I changed

1:08:30

[REDACTED] was run

1:08:32

down the road. Nobody's gonna be able to find out where to go,

1:08:37

rename a school to named after.

1:08:40

That's right. Mark and it was saying that it was

1:08:45

[REDACTED] about all

1:08:50

right, listen, we've gotten some, we've got some fragmented [REDACTED] here. You understand what I mean by that. Yeah. What we're gonna do is, but that's okay. Better than not that are what we like to do, because we only meet once a month. So, network. If you have Facebook. Call me, we will get this thing together when you can write a letter as well. If you don't have a Facebook page. In some of us don't, but most of us in [REDACTED] don't put all the information up, all we got to do is write a

 1:09:28
letter.

 1:09:30
I mean you could copy some of the stuff that I'm gonna put up there you can ████ copy a couple lines out of it,

 1:09:35
they don't matter. It doesn't matter. handwriting it, son, put an envelope put a stamp on it and mail it to the government

 1:09:44
mail this week, I mean letters don't get mail doesn't really

 1:09:48
get that high.

 1:09:50
That's great.

 1:09:52
That's probably over 1000 constituents, when they get them in the mess when I'm saying

 1:09:58
MC I got five big my family right one dude, that's what I'm saying.

 1:10:01
Now, no we can't turn around and write another one the next week.

1:10:05

That's right. You see what I'm saying,

1:10:07

we get the ball going. And once you write one letter, it makes it easier to write the second one,

1:10:13

exactly what you say I see no results you get my letter from last week. Yeah, I [REDACTED] a thing yet, but the good part, they've already, they've already

1:10:23

taken another monument down in McDonald while we were waiting on an answer.

1:10:28

Those are the kinds of things that we can put in a letter. Now, if there's a meeting, somewhere. Pike County, Washington County, Lamar county Paulding County, all we got to do is let each other know. That's right.

1:10:42

They say hey I can come.

1:10:46

Let's do it.

1:10:48

Tonight at five to figure out, Okay, well, you know,

1:10:54

maybe, maybe we did two times that we showed up. I don't know they were there women that were gone. The first time and was like we're gonna make fire department take the old Yoda flag down off their flag bow, and they see a button next to your planet to this day, we know that

God dang room up but but well when they talk about removing our Lee's name the first time which has been [REDACTED] I'm gonna use Wi Fi auditorium I bow here and [REDACTED] Nesbitt. Okay, so we're gonna show up,

1:11:31

you can do it. We're gonna boots on the ground.

[REDACTED]
Hey, time to talk about it no more. Yeah.

1:11:40

We already know

1:11:42

what to do. Other names out there, get the other campuses

1:11:48

that follow our example, though, they'll follow our example, if the Larkana camp sees us over there at the county commissioners meeting, I guarantee you

1:11:58

they all take notice. I mean it's simple man calling, calling the commander,

1:12:04

and look at the bottom to go. That's right, Barstow.

1:12:10

Well, I mean, you get a lot of people in the state. Our camps pretty big camp and we're pretty well [REDACTED] as opposed to me I'm not been to. Most of the stuff I'm seeing on Facebook. About nine of our elite, is I'm pissed off

1:12:25

women in this town. I found

1:12:33

out something here I brought this up here. A couple years back.

1:12:39

Y'all remember, yep, we brought a man was how we go about doing this

1:12:46

live bear with me for about two years he back in Oregon man, he's doing a podcast he's reaching about

1:12:53

a million people right now.

1:12:56

One of the threats that we have right now, I'm not worried about it. I'm not worried about VLAN I'm not worried about these are out there right and all that kind of stuff you know what scares me more than anything else. But they're gonna talk among

1:13:10

the empathetic affable people out there that, that when they respond to everything because they want things done and they're there, they're there. The problem is going to put us in a socialist environment. These are the ones that do not understand. And out of fear.

1:13:28

They cause this boy, Big Boy glasses

1:13:34

and trying to get them to understand it. Hey, every time they do and I'm going to give you an analogy about this this all side is separate from this but I'm going to describe it to you. When I was in Iraq.

 1:13:48

When everybody started getting hit with everything and it's like you know after, after PCs that they started going on and on about how they didn't have any armor and all these other things well.

 1:13:59

All it took was people to die and a bunch of mothers, crying about it. Next thing you know everybody's got armor everybody get, you know, body armor and everything. Fast ██████ we get into that ██████ Stan. In that same armor is killing guns because they can't live in the mountains. And when we tried to say well we can't do this anymore it's like no no we can't take that stuff off, because every time you literally if you put a guy in a body bag he had to have his body armor in their wisdom to show that he had been wearing. In spite of the fact that that stuff is exactly what killed him now what what caused all that angry mothers that don't know, She's afraid.

 1:14:42

They don't know a dadgum thing about life, right and I turn around and react to these things with a lack of knowledge without understanding to comprehend, or comprehend the complexity of life. Right.

 1:14:56

But actually the politicians listen. They don't listen to people that are screaming and yelling and carrying on, they listen to the people that are, that they know i mean they've got a constituency within that empathetic group.

 1:15:12

And that's,

 1:15:13

that's who we need to change it beyond the politicians, those are the ones that we need to say hey, you better wake up because you're about to find yourself, or those of us that have been in a socialist environment in those places. We understand it. And we have an understanding of it that makes us appreciate the freedom and liberties that we have. All right. The problem is,

 1:15:38

and I used to do it that some of you might know some of my family back.

1:15:44

Uncle Herman was in World War Two.

1:15:48

They grew up and thrive they didn't survive. They thrive through depression. He went off to war. Got one to six times to have them critical to the point where you had kind of was in France before he came back home for a year. He came back home settle down and you went back like we're the greatest generation. And I'm sitting in the [REDACTED] with a year ago and I said, you know, Herman Yoda is messed up everything. And he [REDACTED] looked at me like what no I got something going on here. What are you talking about, I see your feedback. And you're the greatest generation. So what happened was, you had this mindset that I want to keep everybody from this point [REDACTED] site. I don't want them to ever have to go through what I went through and that was your biggest mistake. Every generation since then, including mine,

1:16:39

and everything.

1:16:42

We have to do is make this next generation.

1:16:46

He knows it because

1:16:49

to him about it,

1:16:51

but it does anybody has still has not experienced

1:16:55

and. Okay, so how do we get those young people to understand that

1:17:02

what Stalin did what

1:17:05

Hitler did what all these other 17 other socialist States did, where they killed off millions and millions of their own people.

1:17:15

Right, that's, that's what we're going up [REDACTED] Can they been embedded in us, since the 1930s.

1:17:23

Alright so what they're doing now, this has been an entity of complex is [REDACTED] finished. Right,

1:17:31

so the only way we're going to change that

1:17:35

is not. I'm gonna tell you if we get to the point where it's too late. It is

1:17:43

gonna shoot your own children well

1:17:46

you know i sat there and watched the Olympics, was when

1:17:58

I was about six it with

1:18:05

something like that can't hannen until they're dead wrong.

something like that can't happen until they're dead wrong.

1:18:08

They call it now. They're doing it

1:18:12

ever get to that point.

1:18:14

Yep. 99 days from now.

1:18:18

We have the election.

1:18:22

And literally playing.
