Mr Denton, I had written you almost two weeks ago, inquiring about whether you're planning to or whether you're interested in selling the land across the street from my farm. As mentioned before, I. We've [REDACTED] our privacy out here. I am interested in, I'm wanting to expand my farm I don't um, I would like to own more than 32 acres and. Yeah, it's a good place for me to do it. And, and we have [REDACTED] our privacy and we don't really care to have, you know, someone building on that land or, you know, someone putting a subdivision or placed in position. We really, we really would you really do not want to be placed in a position to where we are, or someone has sold that land off and it's building a subdivision or, you know, we look across the street and we have three or four houses and our, you know privacy has been taken from us. So we're trying to inquire about that land, trying to find out if you're going to be interested in selling it. Also, because of my friendship with the Lowe's. I'm trying to inquire about what your plans are for that property that the lows of birth that you bought from the lows. You hit you bought land from the lows. And I was [REDACTED] trying to see if there's any way. I would like to, you know, piece together some parts of the land together so they're two significant significantly expand the size of my farm. And to, you know, have a place for, you know, for me to maybe build a house one day. That's by my farmer. You know, there's [REDACTED] you know, really good options. So I don't see you know we haven't we don't know you weren't living out here. We don't have any, you know, there's no signs of, of any plans for development. There were no signs. There's no for sale signs I didn't know that you were even not living out here. You know we [REDACTED] really don't know what's going on. And, you know, that's, you know, it's, you know, we wish we wish were formed. So I'm [REDACTED] writing you [REDACTED] I don't know if you received my previous inquiry, or not. but I'm [REDACTED] putting that inquiry [REDACTED] You know this has been my home, my entire life. And it's been probably the only thing that's been stable in my life. And we're [REDACTED] trying to make sure that it stays, you know, stable place in my life. And, You know I don't really want to see that anything change. So, thank you so much for your time, every day.
