Yes No 157 On Tuesday, the [REDACTED] 22 and whoever it was, they [REDACTED] opened up another 10 or 12 rounds. And there is definitely down on a down McComb road, on the other side you've had excited. Sounds like they're left with headaches. But um, yeah, this is a little ridiculous. Simply not cool. Cool, hunting, you will not knock off like six or more 16 minutes successive rounds. You're in the woods mildly in the dark, not knowing what you're shooting at, you know, [REDACTED] kind of stupid careless with recklessness with the firearm. But no, they only impose that stuff on me, so.
