So he's been in hospital for a long time. Which, which, how like, what he was referencing was the fact that I've been trying to get a hold on Dayton to make an offer on that land. That's what he was referencing, which also meant Dayton was in the hospital when Doug purchased his land and [REDACTED] was the one who told me I don't know anything about it, but then turns around and do the real estate real estate and then he's the one that sold the property. He'll turn around my [REDACTED] [REDACTED] I've been having problems with people running in a run over places. And whenever and so I went home to build a barricade. And I was actually up here trying to build some type of barricade to put across my [REDACTED] And that's when the sheriff drove up. And I remember the [REDACTED] when they said what, what 100 That old lady and I said, well, she's up there in that house. This because that's where you know, and they wouldn't let me go get her. I couldn't show her. They wanted to bust my ass. Or something. They were out to get me
