Okay, so I'm trying to get some velocity numbers. And I don't know how we're going to put the cellphone mighty bang put it my shirt. But trying to get some basic velocity numbers with my, my bedroom router, it's 100 [REDACTED] And so I'm gonna try to shoot it. So let me put down the phone real quick. Okay, this thing can you still hear me? Okay. So yeah.

00:46

All right. So I've got down to church there we go. I gotta load her up I only got eight shots. So this is gonna be

01:04

rather quick venture so turns out my phone is [REDACTED] well. I got a call. Right. It's already zeroed out. So that's good.

01:19

Turning on my counter, chronometer, but we're gonna start I'm gonna take eight shots now. And I'm hoping that will work now. Okay, so [REDACTED] so all this could be like so. Alright, shut one right you ready okay that was misfire want to learn the hidden closable So, forget it all right that was 244 shuttler really went down a lot of mud bear there so wouldn't be good short strike 244 248 Tuna 4643 241 [REDACTED] 233. To an attorney and there'll be a So, all right 4448 241 [REDACTED] 233 Because it was stopped. So I'm guessing I have to work out at this letter numbers. It didn't [REDACTED] this
