It is. I can't believe it's Friday already. But it is Friday, November the fourth 2022 and it is approximately 813 in 17 seconds. And about 30 minutes go which would make actually was about a little bit less than that at around 804. That's when I looked at my clock. There was a big, [REDACTED] thunder, like huge loud thunder and shook the house and it came from across the street. It was a I saw the truck early this morning about five and six o'clock this morning. This [REDACTED] trash so one of those [REDACTED] trash bins and then they they put in for they used for construction sites that's like open top and it's like a long long [REDACTED] rectangle and they have a truck that drives by and actually lowers the lowers the bed of the truck down and then there's a hitch and it actually grabbed it and pulls it up on the frame of the truck. And yeah, so as the construction style dumpster came banging through the neighborhood this morning, every bump it hits I think slammed and you could hear it from God we could hear it inside the house. So it was a five o'clock this morning and then now you know we [REDACTED] big slam and you know he's loud enough to shake the entire house and I was [REDACTED] not really there's [REDACTED] no need in it. There's it's [REDACTED] uncalled for it's not you know, it's not aggravating. It's [REDACTED] this is there's not call it's not called for it's [REDACTED] like you can find another way to do it. So yeah Long story short, that's what happened. They have no like, since these people have arrived, they have had absolutely no concern for anyone else. They have. I mean, like one time we had, you know we had contractors like coming in at two o'clock in the morning, doing work outside. They've had [REDACTED] showed no courtesy no consideration. For anyone else. And I don't know where or how Doug gets, you know, Doug was [REDACTED] lying through his teeth when Doug said well, I thought they're nice people. I thought you'd be you know, [REDACTED] him the neighbors. That was [REDACTED] a lie. Doug was [REDACTED] lying through his teeth. So
