So after a Friday night full of kids having kids like had a house party Friday night and they were staying up and I could hear him up until two or three in the morning and then it like I could hear them like walk the road and stuff all night long. That was on Friday night and then [REDACTED] they were [REDACTED] quiet as [REDACTED] It was like eerie. They're so quiet like they weren't even there. And then today, catch them in their little off road truck. And they're going down and working on either Doug's house or they're working. They're either working in Doug's house or they're working at Abernathy. I suspect Abernathy is because I never [REDACTED] that the vehicles slow down to go to Doug's. And then later on tonight, Abernathy launched a barrage of of gun shooting and everything else. And so it sounds to me like they're working down there. And that's [REDACTED] a feeling I get I get the vibe that that's that's Abernathy. And it was like the son or something. It wasn't the kid or it wasn't the adult or anything. It was the son and went all the way down to Mr. Simmons place, opened up the [REDACTED] went in and grabbed something then came out and left. That was kind of [REDACTED] And then the [REDACTED] came home. Sorry, the missus came home. Mrs. Tyler came home, opened up the [REDACTED] whatever came in and then shortly thereafter, here comes in it was brand new BMW, little SUV comes in right behind her goes in something then turns around and leaves and you know, so it's [REDACTED] kind of [REDACTED] But yeah, that's That's it. I [REDACTED] had a conversation with Ashley today and I [REDACTED] happen to mention to her, you know, when we were the site, we were on the [REDACTED] of people taking advantage of the local government and how it's all corrupt. And so I [REDACTED] happen to mention, it's like, yeah, by the way, we have a fire chief, who only works like four days a week and he worked six hours a day and then she got quiet and she wasn't obviously wasn't happy with me saying that

so she was obviously wasn't happy with that and wasn't happy with that or whatever. And then she's like, well, you know if it's true, it's true. And I was like, Well, you know, if you you know, if it's a well, it's kind of [REDACTED] to hide, like, you know, he drives on my house every day on the way to work. I live beside the guy and he drives an official vehicle. I kind of know when he's going to work or not because I can tell by the book car, he's driving and when he leaves. And she [REDACTED] didn't say anything. And, you know, [REDACTED] getting more and more obvious, like, you know, you know, we're [REDACTED] that we're, we're being villainized [REDACTED] and there is a someone who is doing some massive slander, there is a there is an effort, a concerted effort to tarnish our

integrity. And that's [REDACTED] pre gets more and more obvious. So I don't know this is [REDACTED] not looking good. Looks like [REDACTED] like it's like, you know, looks like it's a 2020 election like the fix is in. Well, there's nothing we can do. And that's it. So not only have all this [REDACTED]
